little aussie swim school

Call 1300Kidswim

Terry Tortoise

Swim slow and steady so you don't get tired!

A message to parents and teachers

As your children work through this colouring in book, take the time to chat about the water safety messages it contains. Explain why it is important for everyone to follow these water safety rules.

Swim Australia applauds Dipadee's Swim School excellent colour-in booklet. It will play a valuable role in making safer swimmers. Ross Gage - CEO, ACTA, Swim Australia

Twisting Dipper

Climb into the water slowly feet first.

Shipwreck

Kicking Dipper

Hold on and kick back to the side.

Baby Nipper

Always wait outside the pool fence until
a grown up says "Come in."

Little Nipper

Mr Water is very strong,
lay still and he will hold you up.

Swim Deep Dipper

Swim with a friend because it's fun and
always walk around the pool, never run!

Dancing Dolphins

Have mum or dad watch you swim,
it keeps you safer and makes you grin.

Super Dipper

Always swim between the flags
where the Life Guard's there to help.

Swimming Dipper

Eyes open underwater and
practice swimming without goggles.

Playful Crocodile

Remember to fix the fence and
ALWAYS shut the pool gate!

Kicking Dipper

Hold on and kick back to the side.

Diving Dipper

Only dive head first into water when the water is deeper than you are tall, and your arms are stretched above your head!

Learn To Swim Today!

30 years specialising in children's water safety

Special classes designed for young learners are available now:

- Small classes so your child receives more attention.
- Warm water and indoors makes concentrating easier for your child.
- Year round lessons retain and build on precious skills learnt over summer.
- Top quality, qualified teachers know how to get the best from your child.
